### **Effect of 2019 Yamagata Earthquake**

On June 18, 2019, an earthquake occurred that had an intensity of 6-upper on the Japanese seismic scale and an epicenter off the coast of Yamagata Prefecture. We at MEC wish to express our sympathies to those affected.

The current damage the earthquake caused to our Company is as follows.

1. State of damage

There has been no personal injury suffered by our employees or damage to our buildings or manufacturing facilities.

2. Impact on business results

At present, we believe the earthquake will have a minor impact on our business results. From now, we will promptly disclose any material events that should be announced.
