Revision (Increase) to Expected Dividend for Fiscal Year Ending March 31, 2016

We hereby announce that the expected annual dividend for the fiscal year ending March 31, 2016 was revised as follows in the meeting of MEC's board of directors held on November 18, 2015.

Details

1. Reason for revision to expected dividend

The Company recognizes that one of the important issues it faces is the need to ensure a good capital policy. As part of our efforts to achieve that, we repurchased 500,000 units of treasury stock from November 2 to 10. In addition, we decide on the level of dividends by taking into consideration our earnings, while maintaining our policy of making stable dividend payments.

Under this basic policy, we have decided to increase the expected year-end dividend for the fiscal year ending March 2016 by 2 yen per share, and set it at 10 yen (the previous forecast was 8 yen).

Thus, when combined with the interim dividend of 8 yen, the annual dividend is scheduled to be 18 yen per share.

2. Details of revision
