

As leading and highly R&D minded manufacturer of speciality chemicals to the PWB industry because of the retirement of our French colleague we are looking for a motivated, pro-active and hands-on professional to join our Techno – Commercial team covering Europe, North America, India, Middle-East and Africa.

The ideal candidate has or is :

- Engineering or science related degree/level by education or experience
- Multi-lingual ( min. 2 in writing and speaking of which English is mandatory). More languages are an advantage.
- Experience in PWB or direct related industry from supplier or manufacturing side
- Open minded. Capable to work in different cultures
- Customer oriented ( Problem Solver)
- Willing to travel frequently
- Willing to move in a circle of max. 150 km around Gent,Belgium

We offer a full remuneration package in accordance to your skills and experiences.

If interested in this very challenging position do not refrain to get in touch with Mr. Wim Ongenae ([wim.ongenae@mec.be](mailto:wim.ongenae@mec.be))
